Subject: Water Right Application for Lake Cavanaugh

We have an application for a water right on file from Washington Federal to take water from Lake Cavanaugh on parcel no.P66785. I discovered the property was purchased by Paul and Mary Ann Huddleston. I contacted them to see if they would like to get the application assigned from you to them. They indicated they had drilled a well and are not interested in the surface water application. Because a water right application is considered personal property, I will need something from you requesting this application be withdrawn from our active files. Could you please send me either an e-mail or something in writing indicating you are no longer interested in pursuing this application?

Thank you.
